# EARPLAY

Platform Pricing Overview.

# Our Platform

Two products as a service.

## Development and Publishing

Dashboard access for customer and contracted creation partners, enabling the CMS and all design, prototyping, production, version control, testing, live skill maintenance, content staging, etc for a voice application.
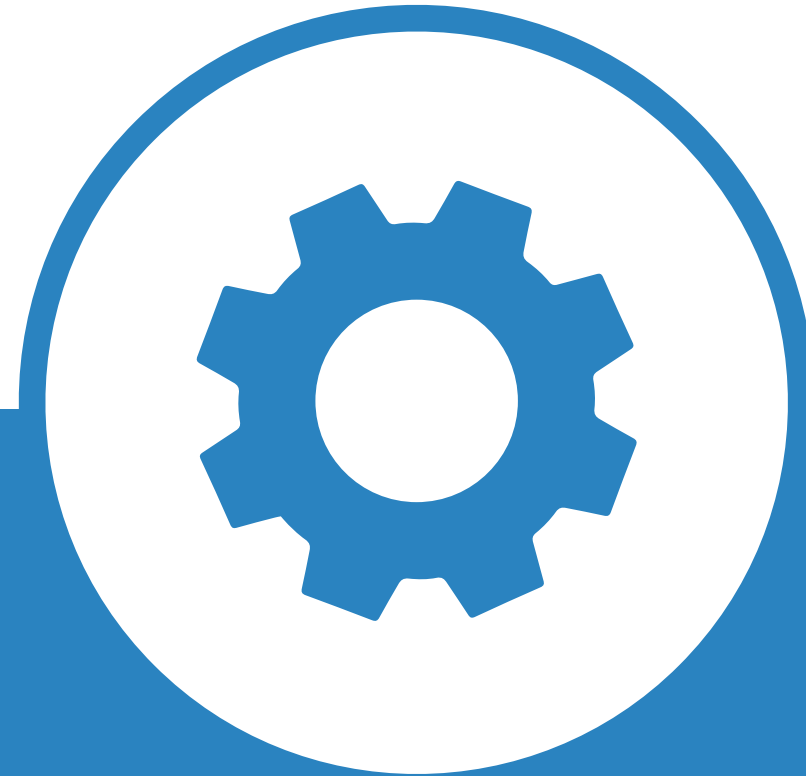

## Hosting and Live Service

Serving the individual live voice experience (web traffic) and guaranteed uptime of content, with Platform maintenance of online engine and databases (including daily backups).

# Our Pricing
Base fees for each service.

## Development and Publishing

### $1000/month

For first voice application,
and one prototyping application.
Unlimited users.

## Hosting and Live Service

### $1000/month

Per live voice application.
Unlimited monthly active users.
